Description

"CORRAL TREKKER" HIGHLIHGTS

The best Fountaine Pajot Lipari 41 we have seen in 12 years as cruising yacht specialists.

Ideally suited to live-aboard voyaging, continuously upgraded and truly one of a kind.

Immaculate presentation. Would suit a new boat buyer, although this boat is in so many ways better than new.

Two owners and never chartered. Both owners were mechanical engineers who continuously upgraded the boat to perfect the systems and needs for comfort and safety on the ocean.

Original owner, a German gentleman, worked directly with Fountaine-Pajot to purpose-build the yacht to suit his needs for world circumnavigation. Her second and current owner, a Swiss gentleman and his Korean wife, have further upgraded the yacht to maximise comfort and have kept it in immaculate condition at all times.

Astonishing equipment list includes genset, 60l/h watermaker, air-conditioning, dive compressor, washing machine, power winch, full suit of cruising electronics including redundant autopilot and dual anchoring controls (cockpit and deck) with remotes, etc.

Comes turn-key with absolutely everything you need to just hope aboard with nothing else needed but clothes and food to begin your own journey.

Brand new sails (2022), redesigned with roach mainsail increased performance

Suited to solo or short-handed passages.

Low hours engines in immaculate condition.

Owners version with completely private stateroom on the starboard side.

Full pre-purchase survey carried out by internationally accredited independent surveyor, Fiji September 2021. Report available on request.

Coral Trekker is a purpose-built blue water Fountaine Pajot Lipari 41 catamaran. She presents in exceptional condition and is equipped for serious offshore travel and live-aboard in comfort and safety.

A multitude of features were added at the time of building and over the years, with the vision and expertise of two consecutive owners, both mechanical engineers, who desired a yacht built and equipped to suit their needs for serious offshore cruising and circumnavigation.

Coral Trekker has never been chartered and never has been unattended for more than five weeks in its entire life. All blue water components such as power generation, water maker, dive compressor, air condition, wind generator and washing machine were installed initially by Fountaine Pajot.

Recent upgrades include a beautiful new set of sails (2021), a new trampoline 2021, all of superior quality. Particular engineering care has been taken to make the boat tropical proof (refrigeration, salon windows) and additional storage space has been created to make on board living even more pleasurable, such as sliding drawers in the galley to maximize the use of space below the sink, additional cabinet space and a 250L storage under the sofa bunk, a beautiful custom-made 10 drawers 'tall-boy' in the maestro office for tools and spare parts; additional separate shower tapware, etc. further improving the comfort and convenience of living on this cozy yacht.

Coral Trekker is by far the best Fountaine Pajot Lipari 41 we have ever come across and a yacht with few equals in the world.

To ensure that you can fully appreciate this wonderful yacht and all her features, we have filmed a 48mn long video presentation at the time of listing. This video is available on our Youtube Channel (Nautilus Yacht Management) and integrated to most boat sale websites supporting a video suite.

For a bit of info about ourselves, we are a boutique-style brokerage devoted to high quality cruising yachts and to the cruising community. Ex-cruisers ourselves we just strive to help others begin their journey on the ocean. These are tricky times, but our little team here in Fiji and at our home office in Sydney are here to help you bridge the geographical gap and surmount Covid restrictions.

If you feel that Coral Trekker could be what you are looking for, get in touch! Our team can organise a private video viewing with you as well as have all the time in the world to answer your questions and put you in touch with the owners if you wish. We also provide free-of-charge assistance with shipping, delivery, insurance, registration etc, no matter where in the world you are.

NYM has a reputation to present to the market only quality cruising yachts in beautiful, turn-key condition, but our real trademark is to work as a team with you and the sellers to ensure a seamless, transparent and joyful experience.

A WORD FROM THE OWNERS:

"Coral Trekker a Lipari 41 Maestro owner version was designed by sailors for navigators; they implemented the aims for performance, marine requirements and safety; the hull with balanced volumes is at ease at all speeds and in all seas; the deck layout efficient and well equipped ensures easy handling and comfortable navigation;

Coral Trekker is an owner's version 3 cabins and 2 bathrooms, spacious, super comfortable and has been fully optioned and fully equipped to do long passages (it has been around the world one and a half times).

She sailed beautifully across the oceans and navigated us across the globe safely. She is built to sail single handed or with little crew. For additional safety she is equipped with a second fully independent autopilot. Coral Trekker allows a fully autonomous lifestyle.

She has had two owners and we both took care to the details; from the Caribbean to French Polynesia our daughter joined us and we were the three of us at great comfort. The boat has never been rented out nor chartered. The boat is registered with an EU ICP light in The Netherlands with no VAT paid.

Suite 302, Level 3, 304-318 Kingsway Caringbah NSW 2229

Complete privacy in the master bedroom occupying the entire starboard hull with its own sliding door.

The helmstation is fully enclosed for all weather sailing with two seats.

Our Journey:

We took possession of Coral Trekker in Salvador de Bahia Brazil after it's first circumnavigation in November 2016. Sailed her to Grenada where she got a haul out and a major work through to have her ready for another circumnavigation.

We spent two seasons in the Caribbean, hurricane season 2017 we hauled her out in Grenada Marine, in hurricane season 2018 she was in Spanish waters in Curaçao

We headed for Colombia, San Blas to Panamá, crossed the canal in March 2019 and headed for Gambier in the Tuamotus, French Polynesia; We spent two seasons in French Polynesia and were in an easy Corona lockdown in Moorea. This was the moment where we really got to appreciate the space, freedom, comfort and independence of this yacht.

In July 2020 we headed for Fiji and were with Blue Lane #005 one of the first boats that arrive here during Covid.

We are cruising around Fiji since that time and had the opportunity to see more of Fiji than most people would. We would love to continue our cruise. Since we lived in Asia for eleven years this area does not really appeal to us too much anymore and it is with a heavy heart that we put our beloved Coral Trekker on the market.

We are looking for a new owner that lives on with the spirit that has been given to this boat and gave us so much pleasure and joy.

We will hand over Coral Trekker to you lot stock and barrel. In the spirit we had received the boat : What is on the boat - you need; what's not on the boat you don't need! "
